

Deteriorating Patient Training and Reporting

Melissa Bonaddio – Deputy Director NaMES
Agnetha Clarke – Deteriorating Patient Coordinator

What do you need to do?

- One of the six courses
 - Adult Basic Life Support
 - Paediatric Basic Life Support
 - Adult Advanced Life Support
 - Paediatric Advanced Life Support
 - Neonatal First Response (NeoResus)
 - Neonatal Advanced (NeoResus)
- Online only completion required to meet training needs for all courses (except Neonatal First Response and Advanced (NeoResus)) until **May 31st 2021**

Who needs to complete what?

- All **clinical patient facing staff** as per the Mandatory and Targeted Training Procedure
- The table represents the minimum organisational requirements and local requirements may be in place
- Face to face training is still being conducted for priority groups including graduate nurses / medical interns / new staff with additional infection prevention measures in place

Mandatory & Targeted Training Procedure

Table 3A: BLS + ALS for employees caring for adults	Adult BLS practical (annual)	Adult BLS online (annual)	Adult ALS online & practical (annual)	Adult ALS online (3 yearly)
Nurses and Midwives				
General Nursing	✓	✓		
Critical Care (Nursing)				
• ED	✓	✓

• CCU		✓		✓
• Cardio Thoracic		✓		✓
• Adult Anaesthetics		✓		✓
Allied Health Bed-based Services				
Radiography	✓	✓		
Pharmacy	✓	✓		
Psychology <i>(clinicians undertaking home and community visits)</i>	✓	✓		
Community Services <i>(Nursing, Allied Health, Administration)</i>	✓	✓		

Communications

- Posters encouraging staff to complete whilst waiting post vaccination
- Speaking at Employee Forum next week
- Organisation wide platforms including:
 - iNews Banner
 - Screensaver
 - Posters
 - Latte Banner

Have you completed your deteriorating patient training?

Completion of the online component of your deteriorating patient training (excluding online neonatal training) before May 31, 2021 will be considered as full completion of the course.

 Log in to Latte and complete your training now!

Have you completed your deteriorating patient training?

Log in to Latte and complete your training now!

-  Scan the QR Code or visit learning.monashhealth.org and log in to Latte
-  Search for “deteriorating patient” and open the training module specific to your area/speciality
-  Remember to reset completion before you re-complete the course (scroll down and hit the “Reset Completion” button)
-  Complete your Deteriorating Patient training module (you can pause and return to your training module if required)

 Completion of the online component of your deteriorating patient training (excluding online neonatal training) before May 31, 2021 will be considered as full completion of the course.

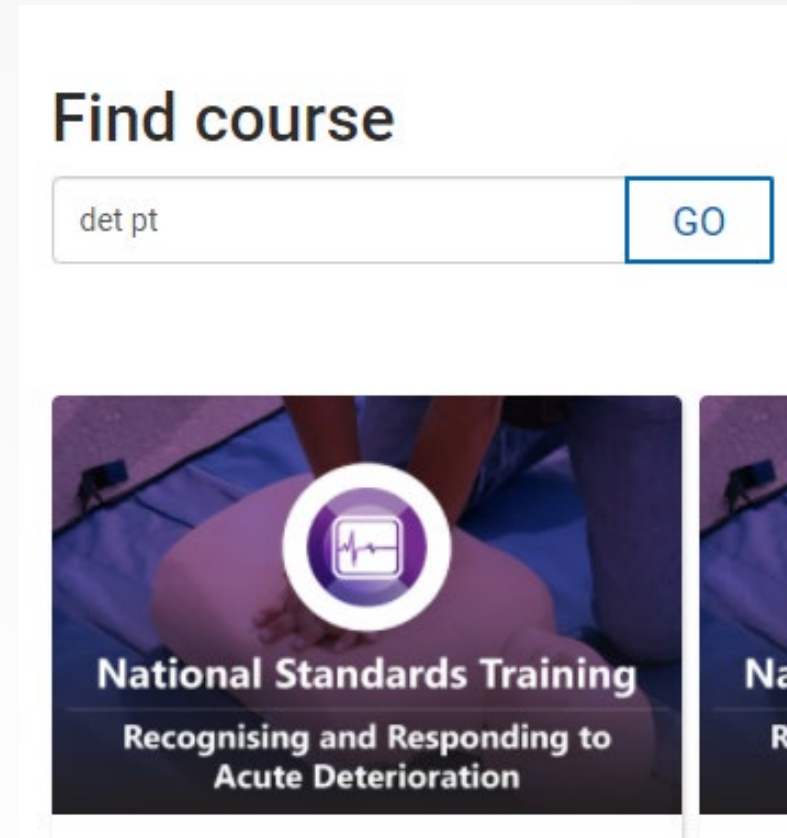

How to access the training?

- **Latte**

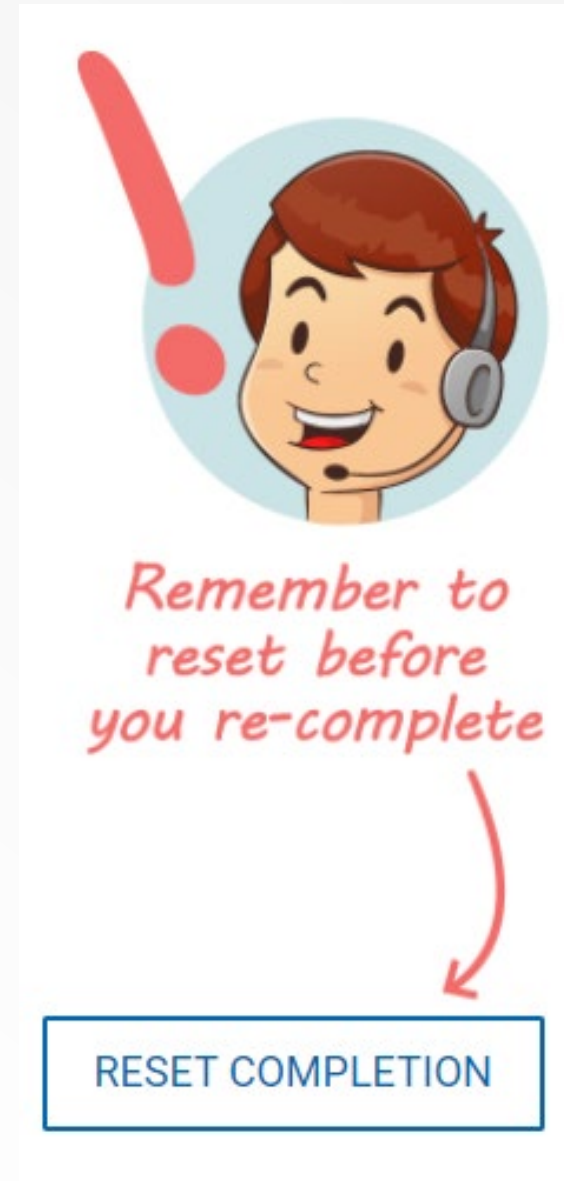

- all 6 courses have been tagged to come up with multiple search options
eg: deteriorating patient, det pt, BLS, ALS

- Return to face to face training is being planned in conjunction with infection prevention

Completion not saving?!

- If the reset course completion button appears
- This needs to be activated to ensure that the new date of completion is recorded
- Often accounts for data discrepancies

Demo: Mandatory and Targeted Training Dashboard

- How to get into the dashboard
- Mandatory and Targeted Training Dashboard
- Reset filter button
- What do the numbers mean?
- Filters - how do I get my data?
 - By staff / cost centre
- I want my own spreadsheet - exporting data to Excel
- More improvements coming (specialties / occupational category)

HR Dashboard

- This dashboard allows you to filter by the course completed by your staff eg. Adult BLS to get reporting data (Non Mandatory Training)
