

Manager BI Portal

Jo Morey

Director Clinical Operations, Emergency and General Medicine

MMC Clayton

29 June 2021

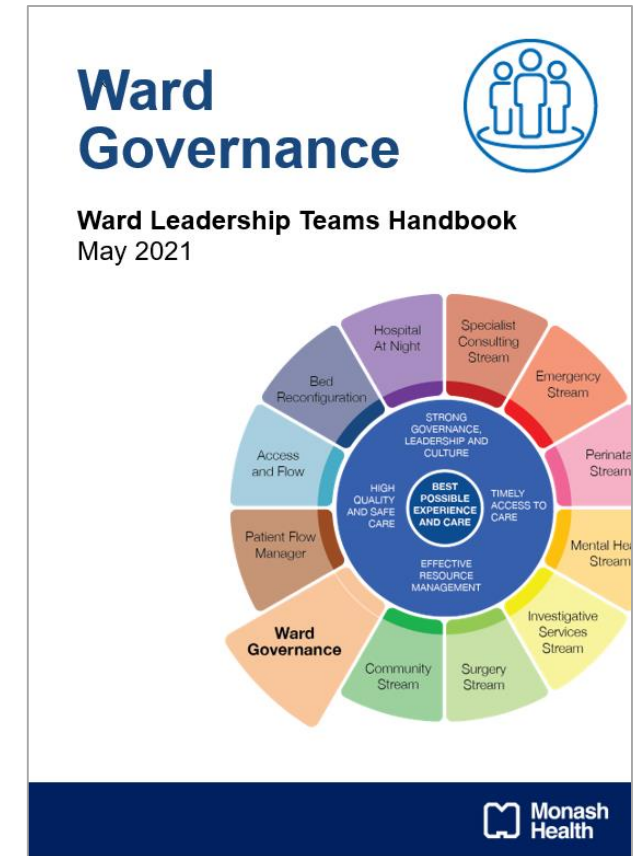

From the onset of our ward governance journey, there have been objectives for this iterative work program...

- Consistent ward governance **systems** and **processes**.
- Consistent **measures** and ability to review **ward performance**.
- Consistent processes within minimal **variation** in the operation of **inpatient** wards.
- Ward Governance is the primary **communication** pathway for key operational and strategic messages, practice updates and policies.

Feedback and observations

- *Excellent uptake across sites and most inpatient areas*
- *Some challenges with multi-disciplinary team engagement and communication*
- *Systems and tools are not intuitive and are challenging to navigate...*

We have developed an intranet **Manager BI Portal** that provides managers with a single platform to access all reports that support them being effective in managing their service

Key Features

- *Co-designed content with managers to meet manager needs and requirements*
- *Easy access from home intranet page*
- *Single click to desired report or destination*
- *Content is iterative and will be refined over time to maximise usability*

Key content underpinned by Ward Excellence processes

Easy access from the Intranet Home Page

Access here

The screenshot shows the Monash Health Manager BI Portal. At the top left is the Monash Health logo. To its right is a search bar with the text "Search...". Below the logo and search bar is a navigation menu with the following items: Home, Executive Reporting, Clinical Information, Business Information, Other Sites, Power BI, and Quick Links. Below the navigation menu is a breadcrumb trail: Home > Manager Portal.

The main content area features a large blue banner with the text "Manager BI Portal" and an image of a person's hands holding a pen and a notepad. To the right of the banner is a "Useful Links" section with a list of links: Clinical Portal, Feedback Form, Monash Health Website, and Accreditation Website. A callout box with the text "Provide Feedback Here" points to the "Feedback Form" link. Below the "Useful Links" section is a "View all links..." link.

The main content area is divided into several sections:

- Workforce**: Comprehensive Employee Vaccination Report, Employee Working With Children Check (WWCC), Nursing & Midwifery Workforce and Training, General Workforce, Targeted Training, COVID Ready, Occupational Health & Safety. View all reports...
- Activity**: Emergency Performance, Hospital Trends (Inpatients / Emergency), Specialist Consulting Clinics, Theatres, Community, Maternity Births & Bookings, COVID Vaccine Rollout. View all reports...
- Ward Governance Reports**: Ward / Unit Scorecard, Program / Specialty Scorecard, Quality Board Charts, Ward Governance Meeting Attendance, Quality & Performance Board Resources, Quality Improvement Plans, Quality Care Newsletter. View all reports...
- Quality And Safety**: Incidents / MET / Code / Pressure, National Standards Compliance - EMR. View all reports...
- Patient Experience**: Adult Inpatient Survey, Adult Emergency Survey, Paediatric Inpatient Survey, Paediatric Emergency Survey, Maternity Survey, Community Patient Experience Survey, CathLab Survey. View all reports...
- Finance**: Financial Summary Report, Employee Pay Rates, Financial Detail Report. View all reports...
- Patient Flow (Live Data)**: Patient Flow Dashboard, Emergency Current State. View all reports...
