

Expanding access to the Monash Health vaccination program for employees and households

13 Jan 2022

Monash Health is pushing to expand access to employees, their households & the general public in the current environment

Current State

- Existing infrastructure remains in place from prior the holiday period
- Supply of vaccine is ample
- Workforce is the bottleneck – circa 50% availability compared to 2021

Impacts

- Vaccination service is rationalised to highest need areas
- Employees are the highest priority
- Household members of employees currently have the same access as general public until workforce shortages ease. Bookings available at Sandown and Cranbourne. Walk-ins available at Dandenong Plaza.

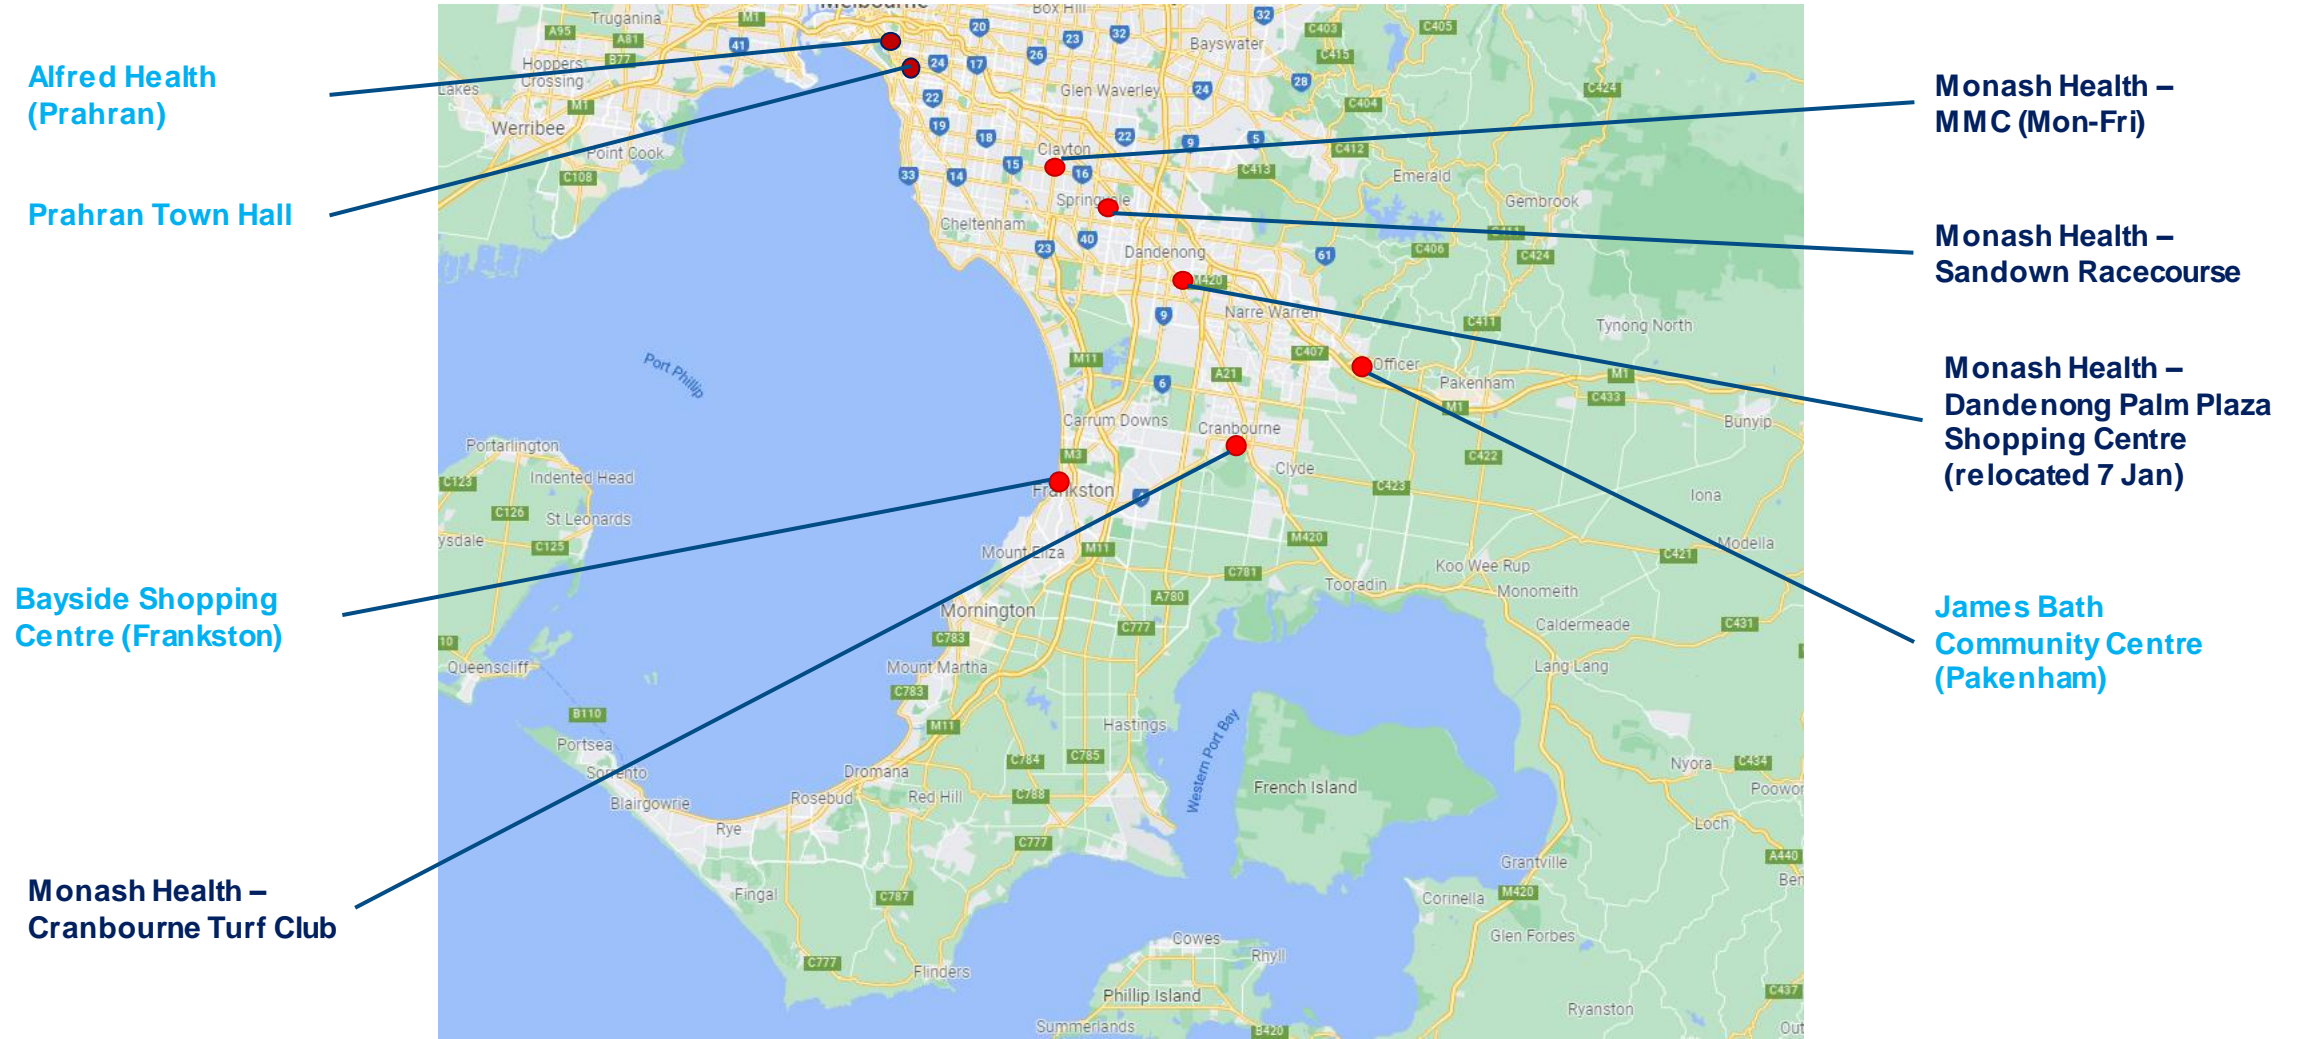

What we are doing to enhance access?

- Moving to more efficient designs, extended hours, emergency workforce etc
- Employees:
 - Dedicated employee only clinic at MMC – walk up access Mon-Fri
 - Priority walk in access at all Monash Health clinics (four)
 - SEPHU bus is planning to visit Dandenong Hospital, Kingston, Moorabbin in next 2-3 weeks (staffing dependent)
- Household members have general public access for the moment – however we will prioritise asap
 - Notifications of new bookings slots will be posted on iNews – this happens every 1-2 days

When will access change?

- Reviewed on regular basis to ensure access is maximised for you and your household

Access to state clinics across the catchment is strong, with the least demand currently being experienced at Dandenong and Frankston

Due to high vaccination rates and lower demand, less shifts will be available across SEPHU

	Employees	Employee Household (12+)	Employee Household (5-11)	
Sandown	<ul style="list-style-type: none"> Walk-in (priority) 	<ul style="list-style-type: none"> Book 	<ul style="list-style-type: none"> Book 	 <div data-bbox="2048 479 2484 748" style="border: 1px solid black; padding: 5px;"> <p>Access is reviewed regularly to ensure we are providing our employees & households with the best care possible</p> </div>
