Smartpage transition to Baret – Tuesday 5 September

Michael Franco – Interim Executive Director, Digital Health Division

29 August 2023

Smartpage transitions to Baret for clinical communication overnight on 5th September

- **Next Tuesday 5th September at 9pm**
 - Baret, communication app in MS Teams will be used instead of Smartpage by nursing, midwifery, medical, pathology and diagnostic imaging overnight.
 - Baret used successfully at VHH at night currently
- Transition will help to **consolidate current communication platforms**
- **Pagers** will remain for **emergency communication** and for **communication to non-clinical employees**
 - If you carry a pager to receive clinical codes, you will continue to carry your pager

What do night clinical employees need to do?

1. Add, pin and register the Baret app within MS Teams (found in 'Apps')

2. Understand how you will use Baret:

- Using Baret to receive communication: you will clock on to a role (Eg Doctor, Nurse/Midwife in Charge, NCO)
- Using Baret to contact other clinicians: search for the role in 'Active Roles' (e.g., *MMC Ward 54 Nurse in Charge*)
- Talk to your manager or head to the Baret Knowledge Hub page for more information

3. Baret training and engagement activities for night clinical employees available to be Baret ready:

- Baret Latte training – 10 mins
- Optional Baret webinars – 30 mins
- Baret rounding – all wards and sites
- Baret Log On Events – targeting night clinical employees at the beginning and end of night shift

Go-Live Support Overnight

Go-Live support will be available overnight from **Tuesday 5th September** until **Monday 18th September** (2100-0730 each night)

- Combination of **on-site roaming** support and **remote** support – seek help by contacting the team via the 'Baret Support' Role
- Our night clinical managers/supervisors will access a Baret Go-Live Support Team (in MS Teams) for Go-Live communication and escalation.

More information this week via iNews, Leadership Briefings, all Nurse/Midwifery Forum, CMO Newsletter

Events, dates and resources available on the Baret Knowledge Hub page via SharePoint

- Go to intranet
- Search 'Baret' in the Search Bar
- 'Baret Role-Based Communicator' will be the first option

The screenshot shows the SharePoint interface for the M365 Knowledge Hub. The top navigation bar includes the Monash Health logo, a search bar, and the text 'SharePoint'. Below this, the page title is 'M365 Knowledge Hub' with a 'Not followed' indicator. The main navigation menu includes 'Home', 'Getting Started', 'Events and Webinar', 'Learning Resources', 'M365 Change Champion Network', 'News & Updates', and 'Feedback and Support'. A secondary menu shows 'Send to' and 'Immersive Reader'. The main content area features a large banner image of a healthcare professional with a stethoscope and a mobile device, with the title 'Baret Role-Based Communicator'. Below the banner, there are two columns of content. The left column is titled 'Baret Implementation' and contains a bulleted list of key events and dates. The right column is titled 'Baret News and Updates' and contains links to 'Baret Role Based Communications Updates', 'New Features coming to Baret!', 'Baret Communications 3/3/2023', and 'New Features this week in Baret 6 February 2023'. A note at the bottom left states: 'Note: Pagers will continue to be used to receive emergency communications and communicate with non-clinical staff'.

Baret Implementation

- In July 2022, The phased rollout of Baret commenced with medical, pathology and diagnostic imaging staff, primarily for referrals and communication of admissions and results.
- In March 2023, Victorian Heart Hospital began using Baret
- **On 5 September 2023, Baret is replacing Smartpage for nursing, midwifery, medical, pathology, and diagnostic imaging staff working overnight at Monash Health.**
- Further rollout dates for clinicians will be shared soon

Note: Pagers will continue to be used to receive emergency communications and communicate with non-clinical staff
